

Good afternoon to all:

Please find below the results of laboratory testing by PCR for citrus greening (HLB) by FDACS/DPI Advanced Diagnostic Laboratory and the Southern Gardens Diagnostic Laboratory. Keep in mind that this is a summarized listing, particularly for the SGDL results, due to multiple trees testing positive per some of the groves or blocks within a grove.

Glades county has been found HLB PCR+ ---first by Southern Gardens Diagnostic Laboratory and then confirmed by the FDACS/DPI Advanced Diagnostics Laboratory from additional field samples. Additional testing for purposes of confirmation will be done by the USDA.

A new HLB map depicting the locations is being prepared. The updated map will be sent via email and posted to the FDACS/DPI citrus greening web site when it is completed.

Wayne

FDACS/ADL Results:

Log #	Host	Address	Site	TRS	County	Date processed	PCR Results	Lab
P200710162	Citrus sinensis	Silver Strand North, Immokalee	G	46-29-09	Collier	2/16/2007	Positive	ADL
