

Good afternoon to all:

Please find below the results of laboratory testing by PCR for citrus greening (HLB) by FDACS/DPI Advanced Diagnostic Laboratory (ADL) and the Plant Pathology Laboratory (PPL); and the Southern Gardens Diagnostic Laboratory (SGDL). Keep in mind that this is a summarized listing, particularly for the SGDL results, due to multiple trees testing positive in some of the groves or blocks within a grove.

Volusia county (see yellow highlighted entries) has been found HLB PCR+; first by the USDA and then confirmed by the FDACS/DPI Advanced Diagnostics Laboratory from additional field samples.

A new HLB map depicting the locations is attached. The updated map will also be posted to the FDACS/DPI citrus greening web site.

Wayne

FDACS/ADL (Advanced Diagnostics Laboratory) and PPL (Plant Pathology Laboratory) Results

Log #	Host	Address	Site	TRS	County	Date processed	PCR Results	Lab
