**Subject:** HLB PCR+ Finds in Highlands, Collier, Palm Beach, and Miami-Dade Counties

Good afternoon to all:

Recent diagnostic results from our Advanced Diagnostics Laboratory (ADL) have yielded PCR+ results for HLB in two groves in Highlands Co. (see table below). An additional five groves have been found PCR+ for HLB in Highlands Co. through testing performed under the oversight of Mike Irely, Southern Gardens Diagnostic Laboratory (SG), United States Sugar Corporation, Clewiston. Current procedure is for the Southern Gardens Diagnostic Laboratory to forward HLB data to FDACS/DPI for merging into our general HLB data base. Significant diagnostic results will be posted via these email reports. The HLB (citrus greening) map will now incorporate results from ADL and SG as well.

The cooperative work effort on the part of Mike Irely and Drs. Jim Graham and Harold Browning, UF/IFAS CREC, is acknowledged and appreciated.

Attached is the HLB map showing the seven HLB PCR+ grove locations in Highlands Co.

Wayne

Log #	Host	Address	Site	TRS	County	PCR Results	Lab
P200612381	Citrus sp.	Perry Brothers, 310 Appaloosa Rd, Venus 33960	G	39-30-18	Highlands	Positive	ADL
